Oddy's Diary

#1 · 2 TO 8 NOVEMBER 2026

Every pick, price and result in here is real and public. Oddy's feelings, the common room and what the others said are made up. Mostly.

The kid had a better Monday than me

MON 2 NOV

Dear diary. New week, new notebook, same me. Two picks. Deportivo and Osasuna both scored, 2-1, lovely. Then Pogoń. I backed them with draw no bet and Raków beat them 3-1. One out of two. Fine. Normal. Breathing.

Then Rookie came in at three in the morning, still in his helmet, shouting about Seattle. Charbonnet under 8.5 carries, he had 6. Smith-Njigba scored a touchdown. His big builder missed, but he went 2 out of 3 on a Monday night game and now he calls me "coach" in a voice I do not like.

Swish went 2 out of 4 in the NBA. Maxey scored 26 when we needed 25, Dončić hit exactly 5 threes. Wemby got 3 blocks instead of 4 and Jokić got 8 assists instead of 10. Swish called it "a balanced portfolio". I called it a coin.

Deportivo v Osasuna · BTTS Yes · 1.90	**W 2-1**
Raków v Pogoń · Pogoń DNB · 2.10	**L 3-1**

Roma, you beautiful disaster

TUE 3 NOV · CHAMPIONS LEAGUE + CHAMPIONSHIP

Nine picks. I know. Champions League nights do that to me.

Roma at Old Trafford at 3.00. Soulé scores in the 11th minute. Malen scores a penalty in the 17th. 0-2. Our bookmaker pays a win early when a team goes two goals up, so the pick was already paid before most people found their seat. I relaxed. Then United came back and Cunha scored twice, 83rd and 86th minute, and United won 3-2. Cunha even got sent off in stoppage time. Our pick still counts as a win. I have never felt so lucky and so guilty at the same time.

Sporting won 0-1 in Shakhtar. Derby and Norwich gave us four goals, Birmingham three. West Brom and Southampton both scored. Bodø and Lille played 0-0 and nobody scored, even after the price dropped. Atlético and Bayern was never a draw. 5 out of 9, plus 1.05 units.

> *Swish: "Without the early payout you were 4 out of 9."*
> *Me: "Without your face you would be pretty."*

All nine, no hiding

Lesson for me: when a pick is settled early, read the whole match anyway. The result on the screen was 3-2. The result on our ticket was a win. Both are true. Only one of them makes you look clever.

The best picks were the ones I deleted

WED 4 NOV

Two picks went out and both lost. Salech needed 2 shots on target for Cardiff and had 1 in a crazy 3-3 with West Ham. Flamengo and Grêmio was supposed to be one-sided. It finished 3-1, both scored. Minus 2 units.

But here is the part I am proud of. We pulled two picks after the team news. Lankshear was not even in the squad. And Porto v Napoli, both teams not to score, we cut it. It finished 4-1. That would have been a third loss. We posted a red card for each one so nobody was left holding a dead ticket.

Swish went 2 from 2. Turner blocked exactly 2 shots, Coward grabbed 9 rebounds. He did a lap of the common room. A slow one. He says he is "pacing himself".

Salech (Cardiff) 2+ shots on target · 3.00	**L 1 SOT**
Flamengo v Grêmio · BTTS No · 1.80	**L 3-1**
Lankshear 2+ SOT · pulled, not in squad	PULLED

Ajax scored six and I still lost money

THU 5 NOV · EUROPA LEAGUE + CONFERENCE LEAGUE

Eight picks. Three winners, and what winners. Ajax won 1-6 in Midtjylland at 2.45. Celtic beat Beşiktaş 3-2 at 3.10. Thun and Hearts gave us four goals. If you only bet on teams winning this week, you love me.

Then the both teams to score picks. Four of them. Zero wins. Milan lost 0-2 at home. Sunderland lost 0-2 at home. Leverkusen lost 0-1 at home. In all three "both teams score" picks the home team scored nothing. Celta and Union went 1-2 when I said someone would keep a clean sheet. Hoffenheim drew 1-1 at Palace. 3 out of 8, minus 0.92.

> *Swish, 3 from 4 in the EuroLeague tonight: "Maybe stick to winners, big guy."*
> *Me: "Maybe stick to your headband."*

Friday. We don't talk about Friday.

FRI 6 NOV

Okay, we talk about it. That's the whole point of this channel.

Zero out of four, and the double too. Minus 5 units. Zwolle drew 1-1. Sevilla and Alavés played 0-0 when I wanted three goals. Arouca lost 1-0, one goal from a win. And Derby. Derby were missing eight players. Eight. I backed Bolton. Derby won 3-1. I had to lie down on the floor of the common room. Puck stepped over me twice.

Deuce came back from Paris with his first pick in weeks. Fritz +3.5 games against Alcaraz. Fritz won the first set in a tiebreak, then lost the next two. Final games 15 against 19. He lost by half a game. Half. Deuce did not speak. He just put his racket in the bin and then took it back out.

Swish hit his one pick, Olympiacos v Zvezda under 168. It finished 57-62. That is a final score in basketball. He framed the box score.

Willem II v Zwolle · Zwolle · 2.25	**L 1-1**
Sevilla v Alavés · Over 2.5 · 2.20	**L 0-0**
Derby v Bolton · Bolton · 2.57	**L 3-1**
Famalicão v Arouca · Arouca or draw · 1.70	**L 1-0**

Back on my feet, mostly

SAT 7 NOV · J1 LEAGUE, PREMIER LEAGUE, EREDIVISIE, PORTUGAL

Woke up at 6 for Japan. Yokohama got a red card and drew 1-1 with Okayama. Of course. FC Tokyo beat Kashima 2-0, and that one I nearly did not post because the price was a hair too short. I posted it anyway. It won. Don't tell the spreadsheet.

Leeds v Tottenham under 2.5. We checked the shots for both teams before posting. 1-0. Den Haag v Sparta over 2.5, 3-1. Sporting v Moreirense, both to score. Moreirense scored nothing. Sporting won 1-0. The double died in Japan before breakfast.

3 out of 5 singles. Swish looked at four ABA league games, found nothing worth it, and posted nothing. I told him that was the most grown-up thing he has done all year. He said "thank you, dad". I hate him.

Yokohama v Okayama · Yokohama · 2.40	L 1-1
FC Tokyo v Kashima · Tokyo · 1.91	W 2-0
Leeds v Tottenham · Under 2.5 · 1.90	W 1-0

Stoppage time hates me personally

SUN 8 NOV · K LEAGUE, J1 LEAGUE, EUROPE, NFL

Asia first. Incheon missed a penalty at 0-0 and lost 2-0. Urawa went 1-2 up on Kobe in the 91st minute, Kobe only got 2-2 in the 94th. Jeonbuk lost to a goal in the 94th. Three losses before lunch.

Europe at night. Inter beat Como 2-0 and Rio Ave v Braga finished 0-1 with no goal for Rio Ave, two winners. Monza lost 0-1, Real Sociedad won 1-0 so Rayo never scored, Lens lost 1-2. Fiorentina v Juventus under 2.5 was dead at 2-2 after 68 minutes. Two out of nine for the day. Minus 5.20.

Rookie had three NFL builders. Each one missed by exactly one leg. Stafford threw 228 and Nacua had 150 yards, but Corum scored the touchdown instead of Williams. Gibbs scored, St. Brown went over, then Goff threw only 170. Rookie took his helmet off for the first time this season. Nobody calls me coach anymore.

So. The football guy, the one whose head is literally the ball, finished the week 14 from 39. The basketball guy went 8 from 11. Swish has not stopped smiling since Wednesday. Puck did not post one pick all week and says he is "waiting for the right goalie". Southpaw had no fight night and did push-ups in the corner.

What I take from this week: my both-teams-to-score picks were awful, stoppage time owes me money, and the two picks we deleted after team news saved us a unit. Next week is the international break. Less club football, more time for the others.

> *Can Swish keep this up? Will Puck remember he has a job? And who is Oddy roasting in #2? Find out next Monday.*
